Dr. Johnny J. Motran, DPM, AACFAS

Hagerstown 301.797.8554 (877.797.FOOT), 1150 Professional Court, Suite C, 21740
Frederick 301.418.6014 (866.338.FOOT), 2100 Old Farm Drive, Suite D, 21702

We provide Comprehensive Foot and Ankle Care® to the residents of Central Maryland with offices currently in Hagerstown and Frederick, Maryland. From basic care of ingrown toenails, heel pain and warts to reconstructive procedures and management of complex pain conditions, we provide a one-stop shop for all your needs. For your convenience, all recommended medicines and foot-care products are available through our in-office and online retail stores www.rfainstitute.com. Same day and emergency appointments are available without a wait. Our staff is approachable and knowledgeable with a willingness to help and solve your foot and ankle problems. We focus on conservative, non-surgical treatment and exhaust these options prior to recommending surgery. Our providers work with you as a patient and partner by listening to and educating you about treatment options so you can make an informed choice of treatment that fits your individual needs.

6 TIPS TO PROTECT KIDS IN FALL SPORTS

Back-to-school sports season linked to ankle injuries

If your children are playing sports this fall, pay attention to six tips that could protect them from serious ankle injuries.

Every fall, Hagerstown/Frederick foot and ankle surgeon Daniel D. Michaels, DPM, MS, FACFAS notices an increase in ankle injuries among young athletes. Football, soccer and basketball are the sports most likely to lead to sprains, broken bones and other problems, He says.

Dr. Michaels top recommendation is for parents is to get ankle injuries treated right away.

"What seems like a sprain is not always a sprain; in addition to cartilage injuries, your son or daughter might have injured other bones in the foot without knowing it. Have a qualified doctor examine the injury," says Dr. Michaels. "The sooner rehabilitation

starts, the sooner we can prevent long-term problems like instability or arthritis, and the sooner your child can get back into competition."

Dr. Michaels says parents should also follow these additional tips:

--Have old sprains checked by a doctor before the season starts. A medical check-up can reveal whether your child's previously injured ankle might be vulnerable to sprains, and could possibly benefit from wearing a supportive ankle brace during competition.

--Buy the right shoe for the sport. Different sports require different shoe gear. Players shouldn't mix baseball cleats with football shoes.

--Children should start the season with new shoes. Old shoes can wear down like a car tire and become uneven on the bottom, causing the ankle to tilt because the foot can't lie flat.

--Check playing fields for dips, divots and holes. Most sports-related ankle sprains are caused by jumping and running on uneven surfaces. That's why some surgeons recommend parents walk the field, especially when children compete in non-professional settings like public parks, for spots that could catch a player's foot and throw them to the ground. Alert coaching officials to any irregularities.

--Encourage stretching and warm-up exercises. Calf stretches and light jogging before competition helps warm up ligaments and blood vessels, reducing the risk for ankle injuries.

Thank you for your interest in the Reconstructive Foot & Ankle Institute, LLC. Daniel Michaels, DPM, MS, FACFAS and Johnny Motran, DPM are Podiatrists at the Institute providing Comprehensive Foot & Ankle Care® and are board certified or board eligible by the American Board of Podiatric Surgery and are also Fellows or Associates of the American College of Foot and Ankle Surgeons. No problem is too small or large to manage in our friendly, warm, state-of-the-art facilities. All Providers have full hospital privileges at Washington County Hospital and Frederick Memorial Hospital and have trained at one or more of the following facilities to provide you with the most efficient and effective care possible: Yale University, University of Maryland (College Park, Shock Trauma), University of Texas (Dallas, Austin, San Antonio), University of California at San Francisco, Harvard University, and Temple University.

We utilize efficient scheduling so you don't have to wait for an appointment or in our waiting room when you arrive. All locations are open Monday through Friday with same day and emergency appointments available. Patients are treated in a pleasant, friendly environment utilizing evidence-based medical approaches to all ailments.

Our offices provide in-office diagnostic ultrasound, X-ray, fluoroscopy, shockwave therapy, ambulatory surgical care and physical therapy services. We treat all foot and ankle pathology from pediatric to geriatric, diabetic foot care/amputation prevention, heel pain, trauma, bunions, ingrown toenails and hammertoes. A full array of shoes and braces that support lower extremity pathology and augment surgical repair as well as advanced surgical techniques are available. The Institute participates with most insurance plans and offers patients the convenience of an on-site and online retail store supplying foot and ankle products as well as a full line of dress, athletic and custom shoes.

Please visit our website at www.rfainstitute.com to learn more about the Institute. For questions and other information e-mail us at info@rfainstitute.com.
